Dear Ms. Brown:

Attached are four copies of the revised Categorical Exclusion document covering the above-described location of IH 635 for your review and approval. These copies replace the previous documents submitted to FHWA on January 31, 2008 as a FONSI re-evaluation tracked under the lead CSJ 2374-01-069 and a CE submitted on March 19, 2008 and May 29, 2008. This CE document addresses comments sent by Anita Wilson via e mail on June 4, 2008. Also attached are the Dallas District's responses to each comment. Please note that all the figures are not provided, but only those that changed. Please replace the existing Figures 7g and 7h and the existing Appendix A with the attached copies.

A public meeting was held for all interested parties on November 16, 2006. A summary is attached in Appendix A. We request your concurrence that the subject project meets the criteria for a categorical exclusion and no further environmental documentation is required. Should you have any questions please contact Margaret Canty, Project Manager at (512) 416-2598.

Sincerely,

Elvia R. Gonzalez
